Selection procedure in Physics at Gran Sasso Science Institute

A public selection procedure is open at GSSI for a 3-year tenure-track position to be upgraded to a permanent position of associate professorship in the sector 02/C1: Astronomy, astrophysics, earth and planets.

Deadline: 24th April 2017

The researcher is expected to carry out his activity in the field of high energy astrophysics with a special focus on compact objects and the study of their signals emitted as gravitational waves, photons and neutrinos.

The researcher is also requested to give lectures and seminars in English for PhD students, and to take part in the activities of tutoring, also as supervisor.

Knowledge of English is required.

Requirements for admission to the selection procedure

The selection procedure is open to both Italian and foreign applicants with a PhD or equivalent degree awarded either in Italy or abroad.

Foreign applicants must be in possession of equivalent titles according to international agreements and laws.

Application

Candidates can submit the application:

- mail by courier to: “Gran Sasso Science Institute, Viale Francesco Crispi n. 7, 67100 L’Aquila, Italy”;
- in person at GSSI, L’Aquila, Viale Crispi n. 7, 67100 L’Aquila, Italy, Ufficio di Segreteria (working days, from Monday to Friday, 10:00-13:00);
- by email to protocollo@gssi.infn.it (only from candidates who have a certified email "PEC").

The application must contain:

- admission form (attachment n. 1 to the call for applications);
- self declaration (attachment n. 2 to the call for applications);
- id document;
- fiscal code;
- curriculum vitae;
- certificates/titles and list of the certificates/titles produced;
- papers (max 12; PhD thesis can be included if published) and list of the papers produced.
