GraWIToN is an Initial Training Network (ITN), funded by European Commission under FP7, focused on the training of Early Stage Researchers in the gravitational wave (GW) research field.

Second GraWIToN School – 1st DAS school
GSSI - L’Aquila (Italy), 9–13 November, 2015

A one week school, addressed to PhD students and young post-docs in scientific disciplines, focused on gravitational wave data analysis, is organized at the Gran Sasso Science Institute (GSSI), in L’Aquila, by the GraWIToN European consortium.

Scientific Committee:
E. Coccia, E. Cuoco, V. Fafone, M. Punturo

Secretariat:
A.S. Cococcia, E. Morucci

Teachers:
G. Caldarelli (IMT, Lucca)
M. Drago (Univ. of Hannover)
G. Guidi (Univ. of Urbino)
F. Piergiovanni (Univ. of Urbino)
J. Powell (Univ. of Glasgow)
G. Prodi (Univ. of Padova/Trento)
B.S. Sathyaprakash (Univ. of Cardiff)
H. Siong (Univ. of Glasgow)
C. Berry (Univ. of Birmingham)
A. Viceré (Univ. Of Urbino)
